Tomás Joaquin Ruiz

Buenos Aires, Argentina · LinkedIn · Web Site · tomasruiz.dev@gmail.com

I am a highly motivated and detail-oriented Full Stack Developer with extensive experience in designing intuitive web interfaces and comprehensive systems. My commitment to continuous learning and staying current with emerging technologies enables me to deliver innovative and efficient solutions. I excel in collaborative environments, problem-solving, and process optimization, consistently enhancing user experience and operational efficiency.

PROFESSIONAL EXPERIENCE

Scale AI   **Remote**
AI Trainer   *2024 – Present*

- Enhanced AI model responses using Python, JavaScript, and SQL, leading to improved accuracy and relevance.
- Evaluated and optimized model outputs by identifying areas for improvement in clarity and precision.
- Participated in strategic meetings to define algorithm enhancements and collaborate with the research team.

Ferraro Camacho   **Buenos Aires, Argentina**
Full Stack Developer   *April 2023 – March 2024*

- Developed a comprehensive system for ANCAP, a leading oil company in Uruguay, using PHP, JavaScript, jQuery, Bootstrap, Twig, and Symfony.
- Optimized code, reducing data processing time by 30% and significantly boosting operational efficiency.
- Collaborated with cross-functional teams to integrate systems and enhance software architecture.

Freelance   **Remote**
Web developer   *2019 – 2023*

- Designed and developed intuitive, visually appealing web interfaces for a variety of clients, significantly enhancing user engagement.
- Collaborated directly with clients to understand their unique needs and deliver tailored solutions.
- Utilized prototyping tools such as Figma to create innovative and functional user experiences.

EDUCATION

University Of Buenos Aires (UBA)   **Buenos Aires, Argentina**
Computer Science   *April 2023 – Present*
